

Sound Shape

These new drums are fun for groups of any size. Pretuned hand drums are mounted in Remo Acousticon creating a colorful, light weight and incredibly portable instrument. Mallets included.

- SHE** 5 pcs. varied shapes, 9 x 4.7 / 7.1 / 8.7 / 10 / 10 inch
- SHR** 6 pcs. Circle Ø 6 / 8 / 10 / 12 / 14 / 16 inch

The children enter the room. They have not seen the Bow-set before and are shy about it. The power and clarity of the different sounds awakens their sense of play. They get curious and the shyness is soon gone as their hands dance over the drum rounds with a courageous sparkle in their eyes.

Sound Shape Drum Set

Create your own drum set out of a package of sound shapes. The bracket joins the 6 different sized sound shapes and can be mounted on a simple cymbal stand. You can use drumsticks or felt beater and create sounds ranging from a kettledrum to a piccolo drum. Easy to mount, easy to transport.

BOW-SET

Complete set of one bow (BOW), Sound Shapes (SHR), Cymbalstand (MST-2), Drumsticks (DR-ST) and Lamb's Wool mallets (KF-3) 24 inch length, 2.8 inch width.
